Professional Summary

Full Stack Developer with **3+ years of experience** building production web applications with **React.js and Next.js**, including 1.5+ years delivering full-stack features with **Node.js, Express.js, and MongoDB**. Skilled in **SSR/SSG, REST API design and integration, JWT authentication, and performance optimization**. Currently building scalable, **SEO-friendly Next.js applications** at Edtech Innovate.

Technical Skills

Frontend: React.js, Next.js (SSR, SSG), JavaScript (ES6+), TypeScript, Redux Toolkit, Context API, React Hook Form

Styling: Tailwind CSS, Bootstrap, Responsive Design

Backend & Tools: Node.js, Express.js, REST APIs, JWT Authentication, Docker, Git, GitHub, Axios

Databases & Caching: MongoDB, Redis, BullMQ

Performance: Code Splitting, Lazy Loading, Memoization (React.memo, useMemo, useCallback)

Professional Experience

Full Stack Developer (Next.js)

Feb 2026 – Present

Edtech Innovate

Noida

- Build **full-stack web applications** with **Next.js, React, Node.js, and REST APIs**, delivering scalable features across frontend and backend modules.
- Implement **SSR and SSG** in Next.js to deliver fast, SEO-friendly pages and improve page rendering and search engine visibility.
- Develop **secure authentication, API integrations, and database-driven features** for reliable application workflows.
- Create **reusable, responsive components** with Tailwind CSS and manage application state with **Redux Toolkit**.
- Use **Docker, Redis, and BullMQ** for containerized development, caching, and background job processing to improve application reliability and efficiency.

Full Stack Developer (Next.js)

Apr 2025 – Jan 2026

4tuners Technologies

Greater Noida

- Developed **full-stack features** with **Next.js, React.js, and Node.js/Express**, using server-side rendering to improve page performance and SEO.
- Designed and consumed **RESTful APIs** secured with **JWT authentication**, with MongoDB as the data layer.
- Built **reusable Tailwind CSS components** and Redux Toolkit state logic to maintain consistent UI and efficient state management across application modules.

Frontend Developer

Aug 2023 – Mar 2025

Growmoredigi Codebuilde

Lucknow

- Built and maintained **3+ production React.js SPAs** for clients across e-commerce, learning management, and blogging.
- Optimized React rendering using **React.memo, useMemo, and useCallback**, improving runtime performance by **25%**.
- Built a reusable form validation hook with **React Hook Form**, reducing form-related bug reports by **40%**.

Key Projects

University Management System | *Next.js, MongoDB, Tailwind, Axios, JWT*

Live

- Built a **multi-module university platform** covering courses, admissions, faculty, results, research, placements, and events, managed through an admin panel.
- Implemented separate **student and staff authentication** and an online admission workflow.
- Delivered responsive public pages including blogs, FAQs, notices, gallery, hostel, sports, alumni, and contact.

Digital Agency Website | *Next.js, Node.js, Express, MongoDB, Tailwind, Axios, JWT*

Live

- Built a **responsive, SEO-friendly agency website** presenting services, portfolio, case studies, blogs, FAQs, and testimonials.
- Implemented **lead-generation and contact forms** capturing client details, service interests, and project requirements to streamline inquiry collection and follow-up.

Milk Delivery Tracking Platform | *React, Node.js, MySQL, Tailwind, Axios, JWT*

Live

- Built a **delivery management platform** with separate admin and delivery roles.
- Implemented **order processing, delivery tracking, and route management**.
- Built **admin dashboards** to monitor order processing, delivery status, routes, and overall operational performance.

Education

B.Tech in Computer Science and Engineering

2020 – 2023

Khwaja Moinuddin Chishti Language University

Lucknow
