Tools and Practices: Git, GitHub, Performance Optimization, Code Splitting, Lazy Loading, Memoization

PROFESSIONAL EXPERIENCE

Full Stack Developer (Next.js)

Feb 2026 – Present

Edtech Innovate

Noida

- Architected and delivered scalable full-stack web applications using React, Next.js, Node.js, and RESTful APIs, improving development efficiency and performance.
- Implemented SSR, SSG, API integration, authentication, and database-driven features to deliver fast, secure, and SEO-friendly applications.
- Built responsive, reusable React/Next.js components with Tailwind CSS and integrated Redux Toolkit for centralized state management.

Full Stack Developer (Next.js)

Apr 2025 – Jan 2026

\$tuners Technologies

Remote

- Developed and maintained full-stack features using Next.js, React.js, and Node.js/Express, delivering server-rendered pages with improved load times and SEO.
- Designed and consumed RESTful APIs with JWT-based authentication, integrating MongoDB for secure, scalable data handling.
- Built reusable, responsive UI components with Tailwind CSS and Redux Toolkit, improving consistency across modules.

Frontend Developer

Jan 2024 – Mar 2025

Growmoredigi Codebuild

Lucknow

- Built and maintained 3+ production-grade React.js SPAs for clients, covering E-Commerce, learning management system, and Blogging use cases.
- Optimized component re-renders using React.memo, useMemo, and useCallback, resulting in a 25% improvement in runtime performance.
- Implemented a reusable form validation hook using React Hook Form, reducing form-related bug reports by 40%.

Web Developer Intern

Aug 2023 – Dec 2023

Analyze Infotech

Lucknow

- Designed and developed responsive, user-friendly web applications using HTML, CSS, and JavaScript, with backend features in Python and Django.
- Enhanced application performance, security, and scalability while contributing to enterprise-level and client-facing solutions.

KEY PROJECTS

University Management System (Education Platform)

- Developed a university website with courses, schools, admissions, faculty, and academic programs.
- Added blogs, FAQs, notices, events, results, research, placements, and student resources.
- Implemented gallery, campus facilities, hostel, sports, alumni, and contact sections.
- Built a responsive admin-managed platform with student/staff login and online admission features.

Digital Agency Website

- Developed a digital agency website showcasing Web Development, App Development, SEO, Digital Marketing, and Social Media Marketing services.
- Added dedicated sections for services, portfolio/projects, case studies, blogs, FAQs, and client testimonials.
- Implemented lead generation and contact features to help clients inquire about services and projects.
- Built a responsive, modern, and SEO-friendly website to improve online presence, engagement, and conversions.

Milk Delivery Tracking Platform

- Built a milk delivery management platform with separate admin and delivery roles.
- Implemented order processing, delivery tracking, and route management features.
- Developed analytics dashboards to monitor delivery performance and operational efficiency.

EDUCATION

B. Tech in Computer Science and Engineering

2020 - 2023

Bachelor's Degree
