Work Experience

Frontend Developer (Next.js)

Jul 2025 – Jan 2026

4Tuners Technology, Greater Noida

- Developed scalable admin dashboards using React.js, Next.js, and Redux Toolkit.
- Integrated REST APIs using Axios and TanStack React Query for efficient data fetching and caching.
- Implemented advanced search and filtering features including price, brand, size, and product variants.
- Built reusable UI components and optimized performance using lazy loading and memoization.
- Collaborated with backend developers and UI/UX designers to deliver production-ready features.

React.js Developer

Jan 2024 – Jun 2025

Growmoredigi Codebuilder, Lucknow

- Developed dynamic dashboards and role-based interfaces using React.js and Redux Toolkit.
- Implemented secure authentication and authorization flows for enterprise applications.
- Managed global state using Redux Toolkit and React Context API.
- Improved UI performance and ensured cross-browser compatibility.

Web Developer Intern

Aug 2022 – Dec 2022

Analyze Infotech, Lucknow

- Designed and developed responsive, user-friendly web applications using HTML, CSS, and JavaScript, while implementing backend features with Python and Django.
- Enhanced application performance, security, and scalability while contributing to enterprise-level and client-facing solutions.

Projects

Doctor–Patient Chat & Consultation App

- Built a platform where patients can post their health issues and get direct responses from doctors.
- Enabled real-time one-to-one chat for personalized consultation and guidance.
- Integrated secure authentication and user-friendly design for seamless interaction.

E-Commerce Admin and User Platform

- Developed e-commerce platform supporting admin and user workflows.
- Built product management, order tracking, and inventory management features.
- Implemented backend APIs Created by Node.js, Express.js, and MongoDB.
- Added secure authentication using JWT and built advanced product search and filtering.

Valentia Milk Delivery Platform

- Built a delivery management platform with separate admin and delivery roles.
- Implemented order processing, delivery tracking, and route management features.
- Developed analytics dashboards to monitor delivery performance and operational efficiency.

Education

Bachelor of Technology (B. Tech) in Computer Science and Engineering

Khwaja Moinuddin Chishti Language University, Lucknow

May 2020 – Jun 2023
